All children deserve the chance to be happy and healthy, explore their world safely, and reach their full potential. Yet the rights of millions of children are blocked by deprivation and discrimination based on factors beyond their control " their gender, ethnicity, socioeconomic status, place of birth or whether they live with a disability, for example.

Francis Crick himself has become much less enthusiastic about the RNA world than Watson. In 1973, he and another eminent researcher into the origin of life, Leslie E. Orgel, published a paper advocating the theory called "Directed Panspermia" .In 1981, Crick published Life Itself, a whole book about that theory .And by 1993 he says, "It may turn out that we will eventually be able to see how ...
