A lovemap is a person's internal blueprint for their ideal erotic situations. The concept was originated by sexologist John Money in his discussions of how people develop their sexual preferences. Money defined it as "a developmental representation or template in the mind and in the brain depicting the idealized lover and the idealized program of sexual and erotic activity projected in imagery ...

You are a legend, I lovvvvvvvvvvve this resource. In my experience when teaching Area and Grid References I find students find it so much easier if the northings and eastings have different values, so Iâ€™d love to see it where I could input my own values so the map template isnâ€™t always the same or could you change either the eastings or the northings or is that being oh so picky.
