Utility, value and transaction. In mental accounting theory, framing means that the way a person subjectively frames a transaction in their mind will determine the utility they receive or expect. This concept is similarly used in prospect theory, and many mental accounting theorists adopt that theory as the value function in their analysis. It is important to note that the value function is ...

- [Voiceover] Hi, I'm Kay Stice. Welcome to Accounting Fundamentals. I'm going to start by giving you an overview of the basics of accounting. I will look at the four basic types of accounting: bookkeeping, financial accounting, managerial accounting, and income tax accounting. Next, we're going to go into more depth about financial accounting. We'll explore the financial statements.
