- 3 - Meridian Abbreviations There have been many abbreviations used to identify the acupuncture meridians, most are listed below. The bold abbreviations are the ones used in this text.

Point Locations - Chiro

The Allen Mouse Brain Connectivity Atlas is a mesoscale whole brain axonal projection atlas of the C57Bl/6J mouse brain. Anatomical trajectories throughout the brain were mapped into a common 3D space using a standardized platform to generate a comprehensive and quantitative database of inter-areal and cell-type-specific projections.

Neuroinformatics of the Allen Mouse Brain Connectivity Atlas

This text provides a concise yet comprehensive overview of Alagille syndrome. The book reviews the pathophysiology and genetics of the disorder, discusses recent molecular advances and its impact on diagnostics, and describes management challenges and strategies.

The GenitoUrinary Development Molecular Anatomy Project (GUDMAP) is a consortium of laboratories working to provide the scientific and medical community with tools to facilitate research.

Welcome to GUDMAP | GenitoUrinary Development Molecular

The entire length of the walls of the ducts, to the canaliculi and the acini, are formed by a continuous surface epithelium in periphery surrounded by a discontinuous layer of myo-epithelial cells.

Breast microcalcifications: The lesions in anatomical

These graphics from the NUCCA site also show further the types of subluxations that can occur at the upper cervical spine level. Which one actually occurs in each individual really depends upon their prevailing anatomy at that level and the direction and amplitude of the force imparted during the trauma they received.
